Tripoint Communications Limited Executive Team (l to r):  
Kenneth Strachan, V.P. Sales & Marketing; Christopher Brown,  
President, & Owen Brown, V. P. Operations.

Tripoint Communications Limited is well-known in the Merchant Services Sector of the Banking Industry for providing and maintaining the network of Credit Card terminals throughout the Bahamas by primarily servicing its local commercial banking partners.

Founded ten years ago with the vision of providing the best technology and innovative solutions for its customers, Tripoint has strategically formed partnerships locally and internationally and has expanded its products and services to include: ribbon and thermal paper for terminals, Point of Sales (cash register) Systems, and computer repairs; Tripoint is also a BTC (Prepaid) and Digicel (EzeTop) phone card provider.

Tripoint's hardworking and dedicated staff span across our offices in Abaco, Freeport and The Turks & Caicos Islands; with its Main Branch in New Providence.

We appreciate the support of our valued customers and partners and thank them for the opportunity to serve them over the past decade. Our goal is to continue building winning relationships by providing the highest quality of service and support in the years to come.
